

URL heuristics

Preclassification 'COMPATIBILITY'

heuristics		keywords	
#	rule	#	word(group) additional description
ch1	since [verb] on my [phone-modell]	ck1	[phone-model] Brands e.g. Samsung Galaxy S5, Nexus 5X ...
ch2	running (on) [android+version]/ [androidname]	ck2	[android+version] e.g. Android 5.1
ch3	crushes on [android+version]/[androidname]	ck3	[androidname] e.g. Lollipop, Marshmallow or
ch4	android optimized/improved [something]	ck4	[non-phone-devices] e.g. Android Watch, Pebble,
ch5	app [verb] updating/update	ck5	[SD card] or similiar like sd-card,
ch6	[something] have/has issue with [androidname]	ck6	[dual sim] or similiar like dual-sim,
ch7	Used to [verb]	ck7	[SMB]
ch8	[something] does not [verb] since [verb] [something] was updated to [verb] on [androidname]/[android+version]	ck8	new phone(s)
ch9	[something] does not [verb] since [verb] [something] was updated to [verb] on [androidname]/[android+version]	ck9	laptop
ch10	for [androidname]/[android+version] and below	ck10	desktop
ch11	not [verb] with [android+version]/ [androidname]	ck11	bluetooth
ch12	support [android+version]/ [androidname]		
ch13	[verb] in [android+version]/ [androidname]		
ch14	[someone] is using [android+version]/ [androidname]		
ch15	[something] is not like it used to be		
ch16	[something] after update/updating		
ch17	[something] stopped [verb] when [something] updated		
ch18	[something] is unusable now		
ch19	not [verb] on [android+version]/ [androidname]		
ch20	until (some) update on my [phone-model]		
ch21	[something] does (not) work with [phone-model]		
ch22	[something] (not) working on [something]		
ch23	install on my [phone-modell]		
ch24	[something] works fatastic on [phone-modell]		
ch25	does (not) [verb] on [phone-modell]		
ch26	No go for [phonemodell]		
ch27	[something] does not work on recent/current devices		
ch28	developer abandoned [something]		
ch29	someone is using a [phone-model]		
ch30	[something] on my [non-phone-devices]		
ch31	[something] crashes (in my) [phone-model]		
ch32	[someone] is on [android+version]/[androidname]		
ch33	waiting for [something] support		
ch34	how to [verb] ([something]) in [phone-model]		
ch35	[phone model] support		
ch36	[non-phone-devices] support		
ch37	Can not access [SD card]		
ch38	[someone] support [dual sim] configuartion		
ch39	[something] have/has [dual sim]		
ch40	on my [dual sim]		
ch41	[someone] used to connect it to [something]		
ch42	put [something] to [sd card]		
ch43	external [something]		
ch44	problem/s with [sd-card]/[dual sim]		
ch45	cannot find external		
ch46	[verb] to [sd card]		
ch47	move/d [something] to the [sd card]		
ch48	[something] has the [SMB] support		
ch49	bugs out on [SMB]		
ch50	[SMB] are not stable		
ch51	[someone] upgrades/ugraded android		
ch52	upgrade to [number]		
ch53	between (two) devices		

Preclassification 'USAGE'

#	rule	#	word(group)	additional description
uh1	can not/can't [verb] [something]	uk1	themeing	
uh2	won't [verb]	uk2	display	
uh3	crashes on many [something]	uk3	widget	
uh4	Does not/Doesn't [verb] on	uk4	UI	
uh5	why [modal verb] [someone] [verb]	uk5	GUI	
uh6	why there is no [something]	uk6	Design	
uh7	why is [something] not [verb]	uk7	interface	
uh8	why don't/doesn't [someone] make it [verb]	uk8	background	
uh9	why does [something] (not) [verb]	uk9	opacity	
uh10	[something] will [verb] while/when	uk10	text color	
uh11	[something] often do not work	uk11	text size	
uh12	[someone] is forced to verb	uk12	lock screen	
uh13	it would be great if/to	uk13	scroll/ing	
uh14	can not/can't [verb] [something] to [verb]	uk14	font	
uh15	[someone] would like to [something]	uk15	shortcut	
uh16	to easily [verb] [something]	uk16	button	
uh17	[someone] (would) suggest (to) [verb] [something]	uk17	arrow	
uh18	[something](is) not working	uk18	keyboard	
uh19	when [something], [verb] [something]	uk19	list item/view	
uh20	when someone [verb] [something], [someone] [verb] [something]	uk20	screen size	
uh21	[someone] wishes he/she [modalverb] [verb]			
uh22	[something] looks ugly			
uh23	how can [someone] put [something] on [something]			
uh24	[something] is on [number] page/s			
uh25	as [someone] scroll/s			
uh26	[something] is (not) [verb] on (home) screen			
uh27	[something] is (very) small/ big			
uh28	next to the [something]			
uh29	it is hard/impossible to hit [something]			
uh30	easy to hit [something]			
uh31	jump to somewhere			
uh32	on the (home)page			
uh33	[something] ([modalverb]) match the (home)screen			
uh34	[something] is too [adjective]			
uh35	[something] is (not) ([adjective]) handy			
uh36	There should/must/could be [something]			
uh37	[something] would be bad enough			
uh38	Please consider [something]			
uh39	[someone] would be glad			
uh40	[something] takes (too) much/little space			
uh41	([something]) bar			

Preclassification 'RESSOURCES'

#	heuristics	#	keyword	additional description
rh1	how long [something] take/s	rk1	powerful	
rh2	[something] will take	rk2	freeze(s) / freezing	
rh3	freezes (your) [something]	rk3	lag(s), lagging	
rh4	[something] won't load [something]	rk4	crash(es)	
rh5	timing is not [adjective]	rk5	process	
rh6	[something] has been crashing	rk6	load times	
rh7	[something] is laggy	rk7	stick(s)	
rh8	[something] keep(s) crashing	rk8	data hog	
rh9	[something] [verb] when scrolling	rk9	performance	
rh10	[something] used over	rk10	battery	
rh11	[number] GB/MB RAM	rk11	drain(ing)	
rh12	[something] need(s)/take(s) more [something] than	rk12	battery life	
rh13	[something] need(s) a lot of ressources	rk13	power	
rh14	when [someone] try/tries to [verb]	rk14	memory	
rh15	[something] (is) faster than	rk15	cpu	
rh16	uses a lot of [something] battery	rk16	[number] KB	
rh17	has serious battery issues	rk17	[number] MB	
rh18	[something] drain(s) (a lot of) [something]	rk18	[number] GB	
rh19	[something] loses it's energy	rk19	ram	
rh20	[something] burn(s) a lot of [something]			
rh21	waste of/ wasting energy/battery			
rh22	[something] go/goes dead			
rh23	[something] will drain ([adjective])			
rh24	not enough [something]			
rh25	[something] need more [something]			
	[someone]/[something] don't/doesn't have enough			
rh26	[something]			
rh27	[something] reduces			
rh28	[something] use/s [something] of			
rh29	too much ram			
rh30	[something] (run(s)/ran(s)) out of [something]			
rh31	[something] is low on [something]			
rh32	[something] is fast			
rh33	[something] takes about			
rh34	[something] [verb] too slow			
rh35	[something] needs (only) [adjective] space			

Preclassification 'PRICING'

#	heuristics	#	keyword	additional description
ph1	[something] is [adjective] free	pk1	price	
ph2	[something] is (for) free	pk2	paid	
ph3	[someone] [verb] to donate	pk3	ingame purchase	
ph4	[someone] would be [something] to [verb] [something] for [something]	pk4	buck	
ph5	[something] is worth (less/more than) [something]	pk5	pro version	
ph6	spending the extra [something]	pk6	dollar	
ph7	charge/ing [something]	pk7	\$/£ [number]	
ph8	[something] is worth [something]	pk8	donation	
ph9	[someone] donated (to) [someone]	pk9	donate	
ph10	[someone] bought [something]	pk10	free version	
ph11	[someone] will/would pay	pk11	pro model	
ph12	[someone] upgraded to [something]	pk12	paid version	
ph13	how can [someone] upgrade to [something]	pk13	license	
ph14	better than any paid	pk14	full version	
ph15	save(ing) [someone] a few bucks/dollars	pk15	VIP version	
ph16	[someone] wouldn't/ will not be [verb] money	pk16	no ads version	
ph17	waste of money/dollars	pk17	premium	
ph18	[something] is making money	pk18	money grab	
ph19	consider donating			
ph20	[someone] is try(ing) to make money			
ph21	willing to pay			

Preclassification 'PROTECTION'

#	heuristics	#	keyword	additional description
prh1	[something] does (not) acces [something]	prk1	access	
prh2	do not fret [something]	prk2	personal	
prh3	work(s) fine with no root	prk3	permission(s)	
prh4	how to root	prk4	root access	
prh5	[something] has password lock	prk5	privacy	
prh6	[something] keep(s) [something] private	prk6	big brother	
prh7	why [someone] need my [something]	prk7	private	
prh8	[someone] must register on [something]	prk8	protection	
prh9	[someone] (don't/doesn't) like searching [someone's] private [something]	prk9	secure	
prh10	[someone] watches [something]	prk10	security	
prh11	keep(ing) [something] private	prk11	ssh	
prh12	[something] (doesn't) require permission	prk12	password	
prh13	[something] less personal	prk13	protected	
prh14	[something] more anonymous	prk14	authentication	
prh15	for [someone] worry/worries about [someone's] privacy	prk15	pin (lock)	
prh16	a ton of permission	prk16	pattern (lock)	
prh17	why does [something] need to/must [verb] [something]	prk17	root user	
prh18	lower security	prk18	encryption	
prh19	[someone] have/has to unlock [something]			
prh20	lack of [something]			
prh21	dangerous to [verb] ([something]) without
